and
a short Howto

Casa del Dragon (ESP)

General

Thank you for your interest in our community. To handle more than 100 requests and guest per year we prepared this short howto to make it easy and smart for both sides.

If you applied for joining one iworkshop and you get the link to this pdf including a confirmation from us, all is fine. **If you just downloaded this pdf, it is highly recommended to apply FIRST for joining a workshop before you come around...**

...please use our form online **<http://familiafeliz.eu/apply>**

We organized between 1-3 workshops per year and per home unit. If you are not able to join us on one of the events we published actually on our homepage, dont be worry. Have a look twice later in the year or apply for joining our mailing list and you get information about new events and projects.

General structure of our information days

1. Welcome (day before workshop starts)
2. Day 1 to 5 – Workshop
3. Good bye (day after workshop)

A normal workshop day starts at 8.30 a.m and ends around 6.30 p.m. including long break for lunch and free time. In some cases the schedule might be different, so check the pdf of the workshop for details.

Workshops in the spanish home unit CASAdelDRAGON are open for 3 (minimum) to 12 (maximum) persons. The workshop includes accommodation in the artist residence CASAdelDRAGON in Cervera del Maestre.

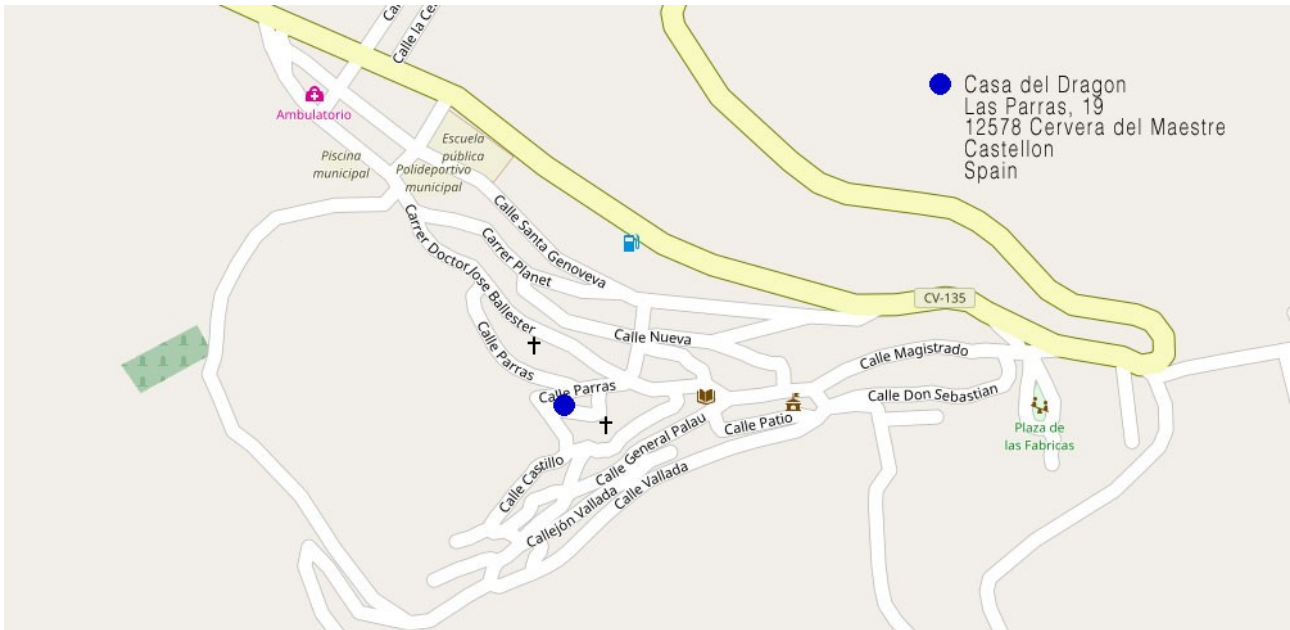

Children are welcome ! If you have children it is a very good idea to take them with you.

The general target of a Familiafeliz workshop is, to get a real impression of the daily community life. Also you should be able to get some knowledge. For this the workshop is a motivation to join us for a week but also important is the free time. We organize daily life together and you are part of the team. We clean dishes, cook, buy stuff and we make some trips around to show the countryside of EL MAESTRAZGO, the beautiful templer region in the PAIS VALENCIANO.

Beside the Familiafeliz workshops we offer also – as part of our working unit UNIIE (free university of informal education) – some trainings, workshops and reunions on the UNIIE – campus. If you are interested in this, check <http://uniie.org> for further information.
